The Senate Committee on Business, Professions and Economic Development and the Assembly Committee on Business and Professions, collectively "the Committees," will hold joint sunset review oversight hearings on February 26 and March 5 in Room 4203 of the State Capitol starting at 10:00 a.m.

The Committees are the standing committees of the Legislature that have oversight jurisdiction over the Department of Consumer Affairs (Department) and all agencies and entities under the Department. It is the responsibility of the Committees to review the laws and regulations pertaining to a board/bureau and evaluate its programs and policies; determine whether the board/bureau operates and enforces its regulatory responsibilities and is carrying out its statutory duties mandated by the Legislature and; examine fiscal management practices and financial relationships with other agencies. Through sunset review, the Committees also evaluate whether entities under the Committees' jurisdiction are meeting key performance measures and targets related to the timeliness of action, enforcement and other necessary efforts to serve the needs of California consumers while promoting government efficiency and effectiveness.

The Bureau of Automotive Repair (BAR) is scheduled to appear before the Committees on March 5, 2018.
