Enforcement Performance Measures

The California Department of Consumer Affairs (DCA) collects, analyzes, and reports various types of enforcement statistics to track the department's efficacy at managing the consumer complaint process. The [Enforcement Performance Measures](#) categories are:

- PM1 - Total number of complaints received during the reporting period including BAR investigations
- PM2 - Average number of days from receipt of a complaint to assignment to an investigator (BAR goal is 10 days)
- PM3 - Average number of days to investigate and close a case not resulting in formal discipline (goal is 60 days)
- PM4 - Average number of days from the opening of a formal investigation to the decision effective date (goal is 540 days)
- PM7 - Average number of days from probation monitor assignment to first contact with probationer (goal is 10 days)
- PM8 - Average number of days from a confirmed probation violation to taking the appropriate action (goal is 10 days)

Complaint Category And Allegations

- As part of every complaint investigation, the complaint category and up to three (3) consumer allegations are captured and recorded in order to monitor any trends or patterns of behavior by registrants and/or licensees with BAR.
- The complaint category is based on the specific area of repair in which the consumer was originally seeking services and these specific areas are then grouped into one (1) of ten (10) general categories.
- The complaint allegations are categorized by the consumer's experienced issues during the repair transaction and the specific area in which the issues relate to the laws and/or regulations within BAR's jurisdiction.
- The top five (5) allegations for each complaint category are displayed on some subsequent slides.
 - Please note that given the unique nature of each complaint there can and almost always will be more than five (5) types of allegations per complaint category and for that same reason can change from year to year, hence separate charts for fiscal year to fiscal year comparisons.

Total Complaints Filed After Inspection	7	13

The Bureau of Automotive Repair's (BAR) Auto Body Inspection Program offers no-cost inspections of collision-related repairs to help ensure the safety of California Motorists and their vehicles. As part of the inspection a BAR representative will examine the vehicle, address any questions or concerns that the consumer may have, and if the repair invoice is available will verify that all repairs listed on the invoice were performed correctly. If any issues are identified during the inspection, the representative will advise the consumer as well as ask if they would like to file a complaint to be investigated further by BAR.
